Honest, Hardworking individual, with a strong work ethic and a passion for learning. Currently BSc Business Information Technology student at university I encourage myself to carry a thirst for knowledge, I actively seek out opportunities to expand my skills and broaden my understanding in various fields. Valuing collaboration and cooperation, I thrive in team settings and am dedicated to incorporating a supportive and inclusive work environment.

Education

BSc (Hons) in Business Information Technology - Second year

University Of Salford

Predicted Grade - 2:1 or Above

- **Relevant Modules** - Information Systems, Business & Data Analysis, Web Application Development, Business Intelligence
- **A Levels (2022)** - Business, Geography & Law (A-D)
- **GCSEs (2020) - 9 A*- C**, including Mathematics and English Language

Connell Co-op College
Co-op Academy Manchester

Experience

Relevant University Projects -

- Lead a group presentation of five members using both quantitative and qualitative research, regarding the benefits of business intelligence relating to the struggles of student connectivity in university.
- Produced a database using Microsoft Access/DFD diagrams to manage and store medical data from different patients pharmacies. Learning about data visualisation tools such as Power BI and Access developed my knowledge on the partnership between Information Systems and Business Intelligence.
- Creating a personal portfolio using coding languages HTML, JavaScript & CSS.

SPORTS COACH / CUSTOMER SERVICE -

Greenwich Leisure Limited (July 2023 – August 2023)

- Managed sporting activities for 30-40 young teenagers and children each day at the yearly summer camp ensuring safety and satisfaction.
- Executed strong communication skills and customer service by creating a comfortable environment for children of different backgrounds and liaise with parents regarding useful information at pick up time. Resolving any queries or requests they may have, welcoming feedback.
- Demonstrated transferable skills such as problem solving and teamwork in events such as arguments or rough play by assessing the situation and stopping any further friction taking place. Then speaking with people separately and encouraging them to be understanding in times of disagreement.

HEALTH AND SAFETY ADVISOR -

(September 2022 – June 2023)

- Completed risk assessments and monitored H&S policy compliance on the factory floor.
- Reviewed and monitored procedures, investigating incidents and processed data.
- Showcased people and time management skills by training senior office managers and line workers in manual handling and assisting the health and safety manager in meetings.
- Achieved IOSH Managing Safely Qualification.

ASSISTANT RESEARCHER | INTERNSHIP -

K7 Media (July 2019 – August 2019)

- Conducted qualitative research on different media networks and popular youth programming trends.
- Created a brief report on my findings regarding the success of why some networks performed better than others and spotted correlations between certain genders and age groups, then presenting my findings to my colleagues.
- Developed my IT skills significantly as it was a highly computer-based environment I was operating amongst.

Skills

Leadership: Leading teams, delegating tasks, and motivating others to achieve objectives. Experience as Chair/President of a university tennis club, team management.

Communication: Effective written and verbal communication, especially in customer service roles and in people intensive situations as a whole.

Adaptability: Quick to learn new tools, adjust to changing priorities, and work effectively across diverse teams and environments.

Teamwork: Collaborative team member who works effectively with others, fosters a positive environment, and contributes to shared goals.
